The DASD Induction Program is a series of planned experiences, activities, and goals developed cooperatively by the mentor, mentee, and building administrator, which increases the mentee's knowledge and improves their skills. The New Teacher Induction Program is a two-year process designed to provide a series of opportunities, activities, and experiences that will support every new faculty member's growth in becoming a distinguished Professional Employee. Inductees are required to attend 2-3 days of orientation before the start of the school year designed to familiarize them with the Dover Area School District, curriculum, foundational technology skills/systems, and the induction program. During the day, inductees are welcomed to the district by the Superintendent, Assistant Superintendent, and other key administrators. Mentors will join their inductees to provide an opportunity for collaboration and support for curriculum and instruction. Inductees will also participate in technology training with one of the technology specialists. The focus is on foundational technology skills such as attendance reporting, email, etc. Activities and topics addressed through the induction program are aligned with DASD and PDE goals and initiatives. EVALUATION AND MONITORING

Describe the procedures employed to monitor and evaluate the Educator Induction Program. As part of this process LEAs should systematically collect data on the educator induction program design, implementation, and outcomes. This data may include:

- a. Survey of participants – new teachers, mentors, principals, and other members of the Educator Induction Program to determine levels of satisfaction and to understand the strengths and weakness of the program
- b. Analysis of activities and resources used in the program
- c. Aligned program evaluation instruments that provide quantitative and qualitative data (e.g., survey/questionnaires, individual and group interviews, and observation tools) to determine the impact of participating teachers and their students

EVALUATION AND MONITORING

A survey is administered to evaluate the first two full days of induction at the beginning of the school year. The teachers are also asked to write a reflection following every induction session throughout the year. A final evaluation is administered at the end of the school year.

DOCUMENTATION OF PARTICIPATION AND COMPLETION

Identify the methods used to record inductee participation and program completion.

Participation	Completion
Mentor documents his/her inductee's involvement in the program.	Yes
A designated administrator receives, evaluates, and archives all mentor records.	Yes
School/LEA maintains accurate records of program completion and provide a certificate or statement of completion to each inductee who has completed the program.	Yes
Completion is verified by the LEA Chief Administrator on the Application for Level 2 Certification.	Yes
Confirm that all first-year teachers are required to participate in the induction program.	Yes

IF "NO" IS SELECTED, PLEASE EXPLAIN WHAT INDIVIDUALS WERE NOT INCLUDED IN THE INDUCTION PROGRAM AND WHY.
